Bible: Jesus is with us!
Color: Blue
Shape: Octagon

Well, here it is, the last official newsletter of the year. Where has the school year gone? It seems like only yesterday when apprehensive children, curious about starting a new school year, quietly came into the classroom unsure of what to expect. Today, wonderful friendships have been formed, everyone bounces in with a smile excited about the day, and amazing growth and changes have taken place within your children. We love each and every one of them and take pride right along with them in each of their accomplishments.

We will be finishing up our curriculum of letter and number people this month. The children have truly enjoyed getting to know each of them. The letter people really helped us learn our letters and numbers! It would be so beneficial to continue the letter, numbers and writing skills throughout the summer. This will keep those skills we've worked on throughout the year sharp!

What a great couple of days we had to celebrate Spring at the Perkiomen Watershed this year!

Summer Explorers Enrichment Camps are designed for preschoolers ages 3-6. All students, siblings, friends, neighbors and community children are welcome. We are offering 2 weeks of camp. Register today!
